AREAS FOR IMPROVEMENT AND STIPULATIONS

Areas for Improvement: Identified areas for improvement are addressed in the provider's annual report.

Stipulations: Stipulations are addressed in the provider's annual report and must be corrected within two years to retain accreditation.

There are no Areas for Improvement or Stipulations in this Action Report.

AREA(S) FOR IMPROVEMENT OR WEAKNESS(ES) from previous legacy accreditor review

(NCATE or TEAC)

Removed:

Area for Improvement or Weakness	Rationale
1.[NCATE STD4]Candidates in the initial teacher education programs have limited experiences working with faculty from diverse racial and ethnic groups. [ITP]	1.Recommendation: Remove Rationale: The SSR describes faculty recruitment efforts undertaken by the EPP. While the efforts have not been as successful as EPP leaders desired, efforts to address this AFI were nonetheless undertaken. This previous AFI is specific to NCATE Standard 4 requirements related to faculty representing diverse populations. No CAEP policy reflects this or any comparable requirement; therefore, the site team recommends the AFI be removed.
2. [NCATE STD4]Candidates in initial and advanced teacher education programs have limited experiences working with candidates from diverse racial groups. [Both]	2. Recommendation: Remove Rationale: In the SSR, the EPP addresses its efforts to recruit candidates from diverse populations. The SSR narrative and evidence, the Addendum and evidence, on-site evidence, and interviews comprise a portfolio of the EPP's efforts to address this AFI. The current status of these efforts are reflected in Standard 3; however, the site team recommends this AFI be removed primarily because no current CAEP policy requires evidence that candidates have experiences working with other candidates representing diverse racial groups.

INFORMATION ABOUT ACCREDITATION STATUSES

Accreditation for seven (7) years is granted if the EPP meets all CAEP Standards and components, even if areas for improvement (AFIs) are identified in the final report of the Accreditation Council.

- **Areas for Improvement (AFIs)** indicate areas which must be improved by the time of the next accreditation visit. Progress reports on remediation of AFIs are submitted as part of the Annual Report. AFIs not remediated by a subsequent site visit may become stipulations.

Accreditation with stipulations is granted for 2 years if an EPP meets all standards but receives a stipulation on a component under any standard. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation or probation.

- **Stipulations** describe serious deficiencies in meeting CAEP Standards and/or components and must be brought into compliance in order to continue accreditation. All stipulations and relevant evidence are reviewed by the Accreditation Council. Failure to correct the condition leading to the stipulation results in probation or revocation of accreditation.

Probationary Accreditation is granted for two (2) years when an EPP does not meet one (1) of the CAEP Standards. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation.

SCOPE OF ACCREDITATION

The scope of CAEP's work is the accreditation of educator preparation providers (EPPs) that offer bachelor's, master's, and/or doctoral degrees, post-baccalaureate or other programs leading to certification, licensure, or endorsement in the United States and/or internationally. (2018).

CAEP does not accredit specific degree programs, rather EPPs must include information, data, and other evidence on the following in their submission for CAEP's review:

All licensure areas that prepare candidates to work in preschool through grade 12 settings at the initial-licensure and advanced level that lead to professional licensure, certification, or endorsement as defined by the state, country, or other governing authority under which the EPP operates and for which the state, country, or other governing authority has established program approval standards.

Depending on an EPP's submission, accreditation may be awarded at one or both of the following levels: Initial-Licensure Level and/or Advanced-Level.

1. **Initial-Licensure Level Accreditation** is provided at the baccalaureate or post-baccalaureate levels leading to initial-licensure, certification, or endorsement that are designed to develop P-12 teachers.
2. **Advanced-Level Accreditation** is provided at the post-baccalaureate or graduate levels leading to licensure, certification, or endorsement. Advanced-Level Programs are designed to develop P-12 teachers who have already completed an initial-licensure program, currently licensed administrators, or other certified (or similar state language) school professionals for employment in P-12 schools/districts. CAEP's Advanced-Level accreditation does not include any advanced-level program not specific to the preparation of teachers or other school professionals for P-12 schools/districts; any advanced-level non-licensure programs, including those specific to content areas (e.g., M.A., M.S., Ph.D.); or Educational leadership programs not specific to the preparation of teachers or other school professionals for P-12 schools/districts.

Information on accreditation status, terms, and any conditions provided within this directory is specific to the accreditation level(s) described above. CAEP-accredited EPPs are required to distinguish accurately between programs that are accredited and those that are not.

NOTE: Neither CAEP staff, site visitors, nor other agents of CAEP are empowered to make or modify Accreditation Council decisions. These remain the sole responsibility of the Council itself.
