# PROGRAM REVIEW

- The CAEP/NCATE accreditation process has two primary components: the EPP (Educator Preparation Provider) unit review and the program review.
  - A program is a discipline-specific component within a unit that provides a planned sequence of courses and experiences for preparing P-12 teachers.
  - Programs reports entails the submission of 8 or less assessments that provide evidence of candidate mastery of specialized professional associations (SPA) Standards. (i.e. NCTE, NCTM, CEC) EPP assessments are aligned to the SPA standards.
  - The number of required assessments depends on which option (A, B, C, D) the EPP chooses to use to submit their program reports.
  - These courses and assessments often lead to a recommendation for a state license to work in schools.
-

# SPA SUCCESS STORIES

- The EPP approach will vary depending on many different factors.
  - 3 different stories
  - Determining the next steps for your EPP to begin writing your program report
