

**July 29, 2014**

**CAEP Standards for Advanced Programs Adopted**

On June 5, 2014, at the CAEP Board of Directors meeting, the CAEP Standards for Advanced Programs, were approved and adopted. The Standards for Advanced Programs mirror the same principles of rigor, evidence and outcomes focus of the CAEP Standards.

The CAEP Standards for Advanced Programs were based on the recommendations provided by the Standards Standing Committee. Public review of a draft of the Standards for Advanced Programs supported the acceptance of the Standards as presented in the first draft. Thank you to those who provided feedback.
